

# Sample Army Warrant Officer MOS Exhibit

**ID Number.** A ten-character code assigned by ACE to identify each warrant officer MOS exhibit.

**MOS-915A-002**

WHEEL VEHICLE MAINTENANCE TECHNICIAN  
(LIGHT)  
915A0

**MOS Designation.** The four-character code that identifies the MOS plus the neutral fifth character, zero ("0"). The zero is added as a reminder that the MOS evaluation does not include the evaluation of learning associated with Special Qualifications Identifiers (SQIs). When a person's MOS designation includes an SQI, signified by a letter or number other than zero as the fifth character, additional credit may be granted on the basis of individual assessment.

**Exhibit Dates:** 8/92–1/03.

## Career Pattern

May have progressed from any of the following MOS's: 62B, 63B, 63D, 63E, 63F, 63G, 63N, 63S, 63T, 63Y, 63W, or 63Z.

## Description

Plans, organizes, and performs unit maintenance on wheel vehicles, light track vehicles (except Bradley), self-propelled artillery systems, fire control, armament, ground support, and power-driven chemical equipment; analyzes unit equipment malfunctions; directs unit work loads; enforces fire and safety programs; manages calibration, oil analysis, and readiness reports; using the Army maintenance management system, manages periodic maintenance, vehicle dispatcher, vehicle repair, and common task training; conducts technical inspections of units; establishes procedures; instructs subordinate personnel; supervises personnel assigned to maintenance sections, motor pools, or similar activities.

## Recommendation

In the lower-division baccalaureate/associate degree category, 3 semester hours in personnel supervision, 2 in records and information management, and 2 in computer applications. If rank was CW2 or CW3: 1 additional semester hour in computer applications. If rank was CW4: 2 additional semester hours in computer applications. In the upper-division baccalaureate category, 3 semester hours in organizational management and 3 for field experience in management. If rank was CW2, 3 additional semester hours for field experience in management, 3 in management problems, 3 in operations management, 3 in communication techniques for managers, and 3 in fleet maintenance management. If rank was CW3, 5 additional semester hours for field experience in management, 3 in management problems, 3 in operations management, 3 in communication techniques for managers, and 3 in fleet maintenance management. If rank was CW4, 7 additional semester hours for field experience in management, 3 in management problems, 3 in operations management, 3 in communication techniques for managers, and 3 in fleet maintenance management (8/92)(8/92).

**Title.** The official Army title of the MOS during the period of the exhibit dates. If the title changed during that period, the newer title is given first and the older title is given in parentheses on the next line. A title in the exhibit may be different from the title that appears on the person's Army records. The latter title may be a Special Qualifications Identifier.

**Exhibit Dates.** Start and end dates by month and year. An end date of "Present" indicates that the MOS still exists. "Pending Evaluation" means that the MOS is scheduled to be evaluated.

**Career Pattern.** Enlisted or other warrant officer MOS's that an individual may have held. You should be alert to the possibility of overlapping recommendations when a warrant officer has held one or more of these MOS's.

**Description.** Provides information about the duties performed and the qualifications required for proficiency in the MOS. It indicates the rationale behind a given credit recommendation and provides information that can be used as a starting point should you wish to conduct further assessment of the learning a warrant officer or veteran has acquired. The description is also useful in making decisions about how much credit to grant when credit recommendations from more than one learning experience appear to duplicate each other.

**Recommendation.** Educational credit is expressed in semester hours and recommended in four categories: vocational certificate, lower-division baccalaureate/associate degree, upper-division baccalaureate, and graduate degree.

**Team Review Date.** Date when the occupation was last evaluated by a team of faculty members drawn from academia. This information is particularly useful in subject areas where state-of-the-art is important in determining the applicability of credit. ACE's policy is that Team Reviews must occur at least every ten years.

**Review Date.** Most recent date the occupation was reviewed, either by an academic team or in-house by ACE (in-house reviews are conducted when changes to occupation content are minor).
